# 13. OPEN SESSION AND ADJOURNMENT

December 13, 2011 LVMWD Regular Board Meeting

TO: Board of Directors

FROM: Facilities & Operations

Subject: Backbone Improvement Program - 5-Million Gallon Tank

#### **SUMMARY:**

The Backbone Improvement Program includes transmission main improvements in Agoura Hills and Calabasas, the expansion of Westlake Filter Plant from 15 to 18 million gallons a day, modernization of the Westlake Pump Station and construction of a 5-million gallon tank near Las Virgenes Reservoir. These improvements will meet near term and future deficiencies in the backbone system. The deficiencies are the ability to meet peaking demand, the ability to meet annual demand, needed storage in the backbone system for fire protection and domestic service and the ability to take an additional 1,000 acre-feet out of the reservoir to offset more costly Tier II water and provide supply during an emergency.

Two sites are under consideration for the tank at Las Virgenes Reservoir. Site A is located near the south abutment of the Saddle Dam and Site C is located across the lake. Both sites have advantages and disadvantages as presented at the July 30, 2010 workshop and past Board presentations. Site A is less costly than site C (estimated at \$1,000,000 less), is closer to the filtration plant, has more operational advantages and has greater opportunities for screening.

Various concerns have been raised by the community that include the risk of Valley Fever, alternative excavation techniques and public safety. These concerns will be addressed at the December 13, 2011 Board meeting. Experts will be available at the board meeting to address these issues. The District's commitment to work closely with the community and the City of Westlake Village will continue throughout design and construction.

Staff is recommending Site A as the preferred site.

# **RECOMMENDATION(S):**

Direct staff on the preferred site for the 5-million gallon tank at the Las Virgenes Reservoir and direct staff to proceed with retaining a design consultant for the project.

Per Diem Request

November 2011

Attached are the director statements of attendance for meetings, conferences and miscellaneous functions, which are summarized in the table below. If you have any questions please contact Kimmey Conklin.

At the meeting of 02/26/2008 the Board voted 5-0 to amend the daily per diem to:

- \$200.00 effective February 27, 2008
- January 26, 2010 during the annual review of compensation, the Board opted for the per diem to remain at \$200 and requested a per diem survey be completed along with the next employee compensation study.

### MEMORANDUM

To:

Los Angeles County Independent Special Districts

From:

William F. Kruse, Special Counsel

Date:

October 17, 2011

Subject:

Nomination of Candidate; LAFCO Representative

As you know, since 1994 special districts in Los Angeles County have been represented by two members of the Local Agency Formation Commission. The term of office of one of those representatives, Donald L. Dear, expires in May 2012. On behalf of the special districts of Los Angeles County, LAFCO has appointed us to assist in conducting the election to fill this position.

By law, independent special district seats on LAFCO are filled by the Special District Selection Committee. That Committee is made up of the presiding officers of each independent special district in Los Angeles County.

In order to expedite the process of electing a representative, I have included a form to be used to nominate candidates for consideration for the position. After nominations are received, each district will receive a complete package of nominee resumes, together with a ballot for consideration by the presiding officer of your board. Voting will be conducted by mailed ballot.

Nominations for the Committee's consideration are welcome. Please provide as much relevant information about the candidate as reasonably possible. Any biographical information and/or candidate statement should be <u>limited to one page</u>. Please remember that, to be eligible, the nominee must be an elected official or appointed to your board for a fixed term. Nominations must be received in the office of Lagerlof, Senecal, Gosney & Kruse, ATTN: WILLIAM F. KRUSE, no later than <u>5:00 p.m. on December 22, 2011</u>.

Please feel free to contact me directly with any questions.

December 13, 2011 LVMWD Regular Board Meeting

TO: Board of Directors

FROM: Finance & Administration

Subject: Proposed Insurance Providers for Plan Renewals

### **SUMMARY:**

This item comes back before the Board after further information was requested at the November 22nd Board meeting. The District has contracts with insurance plan carriers for employee dental insurance, vision insurance, life insurance, short-term and long-term disability coverage and includes our Employee Assistance Program (EAP). The contracts will expire on 12/31/2011.

All interested dental insurance plans were solicited to provide quotes based on the size of our group and our census information. MetLife Insurance Company is the District's current provider of employee dental insurance coverage. MetLife's final quote includes an increase over the current rate of 6% which is lower than the 8% rate cap they quoted in 2011. MetLife is also able to introduce a DHMO plan for employees. If at least five employees choose this new option, a 3% rate increase to the quoted premium would be incurred.

All interested vision insurance plans were solicited to provide quotes based on the size of our group and our census information. VSP is the District's current provider of employee vision insurance coverage. VSP was able to offer a reduced premium rate (by .02%) and have introduced the choice plan using the same provider network at a lower premium (25%) without changing the level of benefit.

All interested life insurance, short-term and long-term disability coverage plans were solicited to provide quotes based on the size of our group and our census information. Lincoln Financial Group is the District's current provider of employee life insurance, short-term and long-term disability coverage and includes an Employee Assistance Plan program at no additional cost. Lincoln's final quote includes no increase to the current premium rates.

At the November 22nd meeting the Board voted to eliminate life insurance benefits for board members. Because of the elimination of this benefit, Lincoln can offer the life insurance plan at a premium reduction of 10 percent.

### **RECOMMENDATION(S):**

Authorize the General Manager to execute a renewal of a one year contract with MetLife Insurance Company to provide dental Insurance coverage at an annual cost of \$160,248; Authorize the General Manager to execute a two year contract with VSP to provide vision insurance coverage at an annual cost of \$14,900; Authorize the General Manager to execute a two year contract with Lincoln Financial to provide life insurance, short and long-term insurance at an annual cost of \$23,500, \$22,671 and \$33,798 respectively.

### FINANCIAL IMPACT:

The current annual budget for the dental insurance premium is \$170,979. MetLife's annual premium is \$151,128. There are sufficient funds in the budget to cover dental insurance premium. Approval of this change will result in an increase of 6.03% for an annual premium of \$160,248.

The current annual budget for vision insurance premium is \$13,187. VSP's annual premium is \$19,665 &Aich

includes employees plus elected family members. There are sufficient funds in the budget to cover the vision insurance premium. Employees who elect to cover one or more dependents pay their portion of the vision insurance premium through payroll deductions. Approval of this change will result in an annual savings of \$4,965 for the next two years and an annual premium of \$14,900.

The current annual budget for Life and AD&D premium is \$28,004. Lincoln Financial's annual premium will be \$23,500 and will remain unchanged for 2012 & 2013. The current annual budget for short term disability insurance is \$24,511. Lincoln Financial's annual premium is \$22,671 and will remain unchanged for 2012 & 2013. The current annual budget for long term disability premium is \$36,511. Lincoln Financial's annual premium is \$33,798 and will remain unchanged for 2012 & 2013. There are sufficient funds in the budget to cover life, short-term and long-term disability insurance premiums.

### **DISCUSSION:**

All collective bargaining agreements with employee associations and unions allow for the District to select an insurance plan different from the current plan as long as the current level of benefits is not reduced. Renewal periods offer an opportunity to seek the best plan carrier with the same or similar level of benefits at the best possible rate.

After analysis of dental provider comparison reports and the usual and customary rates (UCR) of all dental plans that provide the same or similar benefit levels to employees, staff recommends renewing the contract with MetLife for dental insurance for another year. MetLife's percentage of network providers are equal or similar in comparison to other plans however, since the UCR benefit is in the 99th percentile it makes it a more desirable plan to offer employees. MetLife provided a quote that included changing the out-of-network usage from the UCR benefit of 99th percentile to the 90th percentile. If the District chooses to move to this plan, the current premium will remain the same resulting in no increase.

Additionally, MetLife provided a quote on the cost of providing a Dental HMO program as an additional choice for employees. MetLife must have a guaranteed enrollment of five employees before the plan can be implemented and will increase the rate of our current quote by 3% if the Board decides to offer the DHMO plan and the minimum enrollment is achieved.

While ACWA is offering a Delta Dental plan that would cost less, the level of benefit is not equal to what has been agreed upon with the employee associations and unions. Moving to this plan would cause the District to have a portion of the benefit handled by a third party and the remainder of the benefit would have to be administered internally. Additional information will be provided at the Board meeting regarding this option.

As for vision coverage, the District has reviewed all quotes and comparisons and would recommend selecting VSP as our plan carrier. VSP has always provided excellent customer service and is rolling out a new plan selection called the "choice" plan that offers the same or similar level of benefits using the same network at a reduced rate resulting in a savings of 25% over what we are currently paying. Although other plan carriers also came in at a lower premium than we currently pay, a greater number of employees would be displaced from their current vision provider and the out of network benefits are not equivalent to what our current level of benefit provides.

Lincoln Financial was the only provider that could match our benefit plan requirements and has presented a quote that originally maintained the current premium rates for all three plans: life insurance, short-term disability and long-term disability insurance. However since the Board voted to terminate their life insurance coverage, our new premium rate will be reduced by 10 percent. Quotes were sought from eight other carriers; six of the carriers declined to submit a quote and were considered uncompetitive while two carriers did submit quotes. Of the two carriers that submitted quotes, neither was able to match our current level of benefits as required by collective bargaining agreements.

Subject: Bill Presentment and Payment System - Security and Safeguarding

### **SUMMARY:**

Best Practice Systems, Inc. (BPS) is currently upgrading the District's bill presentment and payment system. Customer bills will be available via the Internet and bank payments can be made online or with a credit card. The Board asked staff to provide information that demonstrated the security and safeguarding of District funds.

During these transactions, all data is sent via a secure data line. When a customer makes a credit card payment or requests an on-line payment from their bank account, the funds are transmitted using encryption and security in compliance with federal banking requirements for all electronic payments. These types of transactions are considered Electronic Fund Transfers and all federal banking rules apply. As the transactions are processed, they move between the credit card company or bank directly to the District's Wells Fargo Bank account. At no time during the process does the money go through a BPS Account. The bank then gathers the payments paid to the District in a file daily and transmits the file to the District for uploading to its financial and billing systems.

BPS will have the convenience fee of \$6.75 deposited to their account when a credit card payment is made by a District customer. This is a separate and secure transaction aside from the customer's actual payment of their billing. The District will receive payment verification from Best Practice Systems which will provide the checks and balances for the files received from the bank and will be reconciled daily.
