

CORRAL CANYON - MALIBU BOWL PROJECT

PIPELINE INSPECTION

FAIRSIDE ROAD AND INGLESIDE WAY

THE PROJECT

In the 1980s LVMWD removed a section of pipeline from service on Fairside Road and Ingleside Way. This was done in order for the county to make landslide repairs.

At this time, LVMWD is evaluating the condition of the pipeline for possible reconnection.

WHAT'S BEING DONE

To inspect this pipeline, work will include pot-holing in three (3) locations to inspect the pipe with a video camera and determine the feasibility of placing it back into service.

TIMEFRAME

Impact to residents should be minor.

Work hours are 7:00 a.m. to 3 p.m.

If the pipeline is acceptable, the project will be brief. If it must be replaced, more time will be needed.

WHAT IF I HAVE QUESTIONS OR CONCERNS?

You may pose questions to the LVMWD inspector when he is on site or call the District's Construction Information Hotline at 818-251-2180.
