To: Prospective General Contractor's Seeking  
Pre-Qualification for the LVMWD 5MG Tank Project

**Subject: Pre-Qualification for the LVMWD 5 MG Tank Project  
Addendum One**

The Las Virgenes Municipal Water District has changed the minimum criteria required to seek pre-qualification for the General Contractor on the above project. The experience Section 2, Part III has been revised from:

- Constructing two pre-stressed circular concrete reservoirs in the last ten years, 3 MG or larger.

To the following:

- Constructing two AWWA D110, Type I pre-stressed circular concrete water storage tanks, 2 MG or larger in the last ten years (current).

The revised Project Experience section is attached and replaces the previous pages that were distributed. The date for submitting a pre-qualification package has not changed. Questions should be sent in writing to John Coffman, PE at [john.coffman@aecom.com](mailto:john.coffman@aecom.com). The cut off for questions is Wednesday October 2, 2013 at 2:00 pm.

Sincerely,

John Coffman, PE

**PART III. PROJECT EXPERIENCE (PROJECT 1)**

**Questions concerning recent construction projects completed:**

General contractor shall provide information for five (5) completed projects in the United States of America and with similar conditions to the proposed 1235-Foot Backbone Improvement Project, 5-Million Gallon AWWA D110, Type I pre-stressed circular concrete water storage tank, as indicated in the Instructions. Names and references must be current and verifiable. Use separate sheets of paper, as needed, that contain all of the following information for each project.

Project Name: \_\_\_\_\_

Location: \_\_\_\_\_

Owner: \_\_\_\_\_

Owner Contact (name and current phone number):

\_\_\_\_\_  
\_\_\_\_\_

Design Engineer: \_\_\_\_\_

Design Engineer Contact (name and current phone number):

\_\_\_\_\_  
\_\_\_\_\_

Construction Manager (name and current phone number):

\_\_\_\_\_  
\_\_\_\_\_

Project Manager (name and current phone number):

\_\_\_\_\_  
\_\_\_\_\_

Superintendent (name and current phone number):

\_\_\_\_\_  
\_\_\_\_\_

Total Value of Change Orders: \_\_\_\_\_

Total Value of Construction (including change orders): \_\_\_\_\_

Original Scheduled Completion Date: \_\_\_\_\_

Time Extensions Granted (number of days): \_\_\_\_\_

Construction Duration: \_\_\_\_\_

Description of project and scope of work performed (e.g. water tank construction, piping, paving, headwalls, community outreach, noise control, dust control, excavation, etc.):

---

---

---

---

**Did the Project include?**

(1) Blasting for excavations? (4 points)

Yes  No

Describe: \_\_\_\_\_

(2) Coordination with the Division of Safety of Dam (DSOD)? (4 points)

Yes  No

Describe: \_\_\_\_\_

(3) Construction of a pre-stressed, circular concrete reservoir with a storage volume of at least 2 million gallons? (6 points)

Yes  No

Describe: \_\_\_\_\_

(4) Installation of 30-inch (or larger) steel pipeline? (6 points)

Yes  No

Describe: \_\_\_\_\_

(5) Roadway paving? (4 points)

Yes  No

Describe: \_\_\_\_\_

(6) Public outreach: notifying residents via mailers? (2 points)

Yes  No

Describe: \_\_\_\_\_

(7) Public outreach: notifying residents via sign postings? (2 points)

Yes  No

Describe: \_\_\_\_\_

(8) Public outreach: notifying residents via in-person meetings or group meetings? (2 points)

Yes  No

Describe: \_\_\_\_\_

(9) Constructed in the State of California? (2 points)

Yes  No

**Length of Steel Pipe Installed**

List the length of steel pipe (a minimum of 30-inches in diameter) installed for this project:

\_\_\_\_\_linear feet

*Note: Quantities from all five (5) projects must equal 5,000 linear feet and have been installed within the last ten (10) years, as described in the Notice Inviting Pre-Qualification.*

**Water Storage Tanks Constructed and Completed**

List the number of pre-stressed, circular concrete water storage tanks equal to or larger than two (2) million gallons of storage volume constructed for this project:

\_\_\_\_\_# of tanks

*Note: Quantities from all five (5) projects must equal two (2) pre-stressed, circular concrete water storage tanks equal to or larger than two (2) million gallons and have been constructed within the last ten (10) years, as described in the Notice Inviting Pre-Qualification.*

**Volume of Hard Rock Mechanically Excavated**

List the volume of hard rock mechanically excavated (excluding blasting) for this project:

\_\_\_\_\_cubic yards

*Note: Quantities from all five (5) projects must equal 500 cubic-yards and have been performed within the last ten (10) years, as described in the Notice Inviting Pre-Qualification.*

**PROJECT EXPERIENCE (PROJECT 2)**

**Questions concerning recent construction projects completed:**

General contractor shall provide information for five (5) completed projects in the United States of America and with similar conditions to the proposed 1235-Foot Backbone Improvement Project, 5-Million Gallon AWWA D110, Type I pre-stressed circular concrete water storage tank, as indicated in the Instructions.
